## 3rd Paediatric Renal Transplant Conference and Workshop

The 3rd Paediatric Renal Transplant Conference and Therapeutics workshop held from 20th to 22nd March 2025 was supported by the International Society of Paediatric Nephrology (IPNA), International Society of Nephrology-The Transplantation Society (ISN-TTS), Sister Transplant Centre programme (STC) and endorsed by the Indian Society of Organ Transplant (ISOT). The delegates included paediatric and adult trainees in nephrology and paediatric surgery, as well as social workers, renal nurses, and general practitioners interested in increasing their knowledge and awareness of paediatric kidney transplants.

The meeting commenced with a workshop titled “Pharmacology of therapeutic interventions” held in the Ranipet Campus and organised by the Department of Clinical Pharmacology. The talks included a wide range of topics from the basics of therapeutic drug monitoring to pharmacogenomics and pharmacokinetics, errors in drug monitoring, case discussions on difficulties in interpretation and practical problems encountered in clinical practice. This was followed by a lab visit with demonstration of lab techniques and methods of evaluation. We are grateful to Dr Binu Susan Mathew, Head, Department of Clinical Pharmacology and her team, who played a major role in making this workshop a huge success. The meeting was highly informative, interactive and appreciated by the 80 delegates who attended the workshop.

The conference was a 2-day scientific feast which covered a wide range of topics. The theme this time was “Immunology, Infections and Therapeutics in Paediatric Renal Transplant”. The discussions were stimulating and educative, and gave a wide perspective to the audience on how to approach these complex issues. The faculty included transplant immunologists, microbiologists and virologists, infectious disease specialists and renal pathologists. There was a ‘poster walk’ which showcased reports and studies on various transplant related issues. The highlights included talks on the success of the group TRANSTAN in the deceased donor Transplant programme, the role of robotics in nephrology, the emerging role of Genetics and Artificial intelligence in Nephrology- all delivered by eminent speakers.

The inaugural function was held at the end of the first day's session. Dr. Deepthi RV, Organising Secretary, gave the welcome address. The Conference was inaugurated by Dr. Chellam Kirubakaran, Former head of the Department of Child Health. Dr Jolly, Deputy Director, Dr. Solomon Satheesh. Principal, Dr. Myla Yacob, Deputy Medical Superintendent and Dr. Sneha Varrki, Acting Head of Department of Paediatrics gave their felicitations. Dr. Indira Agarwal, Chair Scientific Committee and Head of Department of Paediatric Nephrology, spoke about the growth of the department and commended the role played by Dr. Chellam in shaping her career, her constant encouragement and support through the journey. Dr. Chellam gave an inspiring and touching response. The ceremony ended with Dr Georgie Mathew, Organizing Chairman, giving the vote of thanks. This was followed by a grand dinner at the Eden Garden.

The course had a very enthusiastic response with about 100 delegates from different parts of India. International faculty included Dr. Rouba Garro, Emory University and Children's Healthcare of Atlanta, Georgia, USA (our mentor, Sister transplant program), Dr. Abanti Chaudhury, Transplant Nephrologist, Stanford University USA, Dr. Dechu Puliyaanda, Director, Paediatric nephrology and Transplant Immunology Cedar Sinai Medical Centre, Los Angeles, and Dr. Basu Gopal, distinguished alumni of our intuitions, Transplant Nephrologist, Lead in kidney transplantation, at Alfred Hospital Monash University Melbourne. Other faculty included some of the best practicing nephrologists – adult and paediatric and surgeons from our institute and other parts of the country.

This meeting and workshop, the first of its kind on the focused topic of Paediatric renal transplant, was greatly appreciated by all the delegates and faculty for its high quality of scientific content. The Paediatric Nephrology division would like to thank all the intramural faculty from Clinical Pharmacology, Microbiology, Virology, Transfusion Medicine, Pathology, Paediatric Surgery, and Transfusion Medicine who came together to help make this program a tremendous success. The meeting also showcased the superb team spirit among our teams, who all work together with a single-minded intent to support children with kidney failure and transplant, providing them with great hope for a better life ahead. The Tamil Nadu Dr. MGR Medical University awarded 30 CME credit points for the programme.

## Retirement

**Mr. Subramani S**, Engineer, Acting Head of Mechanical Engineering, retired on 19<sup>th</sup> March, 2025 after 32 years of committed service to our institution.

Mr. Subramani S joined the institution in the year 1992. He has worked in all the sections of the Mechanical Engineering department and was personally involved in the work related to OR Tables, OR Lights, CSSD equipment, and furniture sections. He also contributed to the purchase committee and the asset recycling committee. He has overseen all the activities of the department for 3 years and also maintained a cordial relationship with all other departments.

He is known for his welcoming attitude and quick response . Throughout his services in the institution, he was keen on constantly upgrading his knowledge and never stepped back from sharing his valuable experience with his colleagues. He was careful in his speech, humble, and respectful towards all cadres of staff. He is probably the only person who has so far risen to the position of an Engineer and is serving as Ag. Head of the Department from his humble beginnings as an ITI Fitter.

His wife, Mrs Sarada Subramani is employed with Velammal Bodhi Campus, Vellore. They have two daughters, Mrs. Mahalakshmi Ashwin Kumar, B Sc Nursing, employed as Nurse Educator with Cardio IV in CMC Vellore, Ranipet Campus and Ms Sheetal Lakshmi pursuing her B.Sc. in Ophthalmology.

The Mechanical Engineering family, along with the CMC Community, wishes him all the best in his future endeavours.
